The energy of Lag B'Omer is available to us every day and always has been. It was imbedded into G-d first gift to us, long before Rabbi Shimon wrote the Zohar. Before Creation there was the 42-Letter Name of G-d. It's designed at a 6 x 7 Matrix.

If you look at the 2nd to bottom line, the line associated with the *sefira* of *yesod*, you'll see the letters of the Hebrew word Lag (**LG**), as in Lag B'omer, the 33rd (**LG**) day of the counting of the *Omer* and the death anniversary of Rabbi Shimon Bar Yochai, the author of the Zohar.

If you then look at the letter in front of the letters **LG** you see a letter *Yud* (**Y**) and beneath it the letter *Shin* (**Sh**). Together their gematria is 310, the same as that of the word *Omer* (**AMR**).

The gematria of the entire bottom line (**ShKVZYT**) plus the *Yud* above it is 916, the same as R' Shimon Bar Yochai with the *kolel* of 1.

And the initials of the last four lines (*B, Sh, Y, Ch*) can easily be seen as **Shimon Bar Yochai**.

Moreover lag b'omer, the 33rd day of the omer always falls on the **18th** of the month of Iyar as in the *Yud-Chet* (**YCh**) or **18**, found as the first letters in the 2nd and 3rd to last lines of the matrix, adjacent to the word Lag (**LG**).

In His infinite wisdom, G-d gave us Rabbi Shimon Bar Yochai and He also gave us a way to access his energy whenever we need it, hidden in plain sight in the [42-Letter Name matrix derived from the Torah's very first verse](#)--the very first Torah Code.
