The numerical value for the messiah Lives (*Mashiach Chai*) is $358 + 18 = 376$, which is that of *Shalom*, peace.

And the *atbash* value of *Mashiach Chai* adds up to the Light (*H'or*), 212. and also to *Zohar*, the *Book of Splendor*.

Which the *atbash* of *Shalom* adds up to 112, which is commonly known to kabbalists as *Yabok*, the river Jacob defeated the dark angel when Israel was born and the union of the Tetragrammaton (YHVH) with *Elohim*, 26+86. Also *Ehyeh* (EHYH, 21), *Adonai*, (ADNY, 65) and YHVH, 26).

By the way, while the *atbash* of the Tetragrammaton (YHVH) is MZGZ, 300, the same as the letter *shin*, as in the *shin* of *Mashiach Shalom*, *Moshe*, the Name (*H'Shem*) *Israel*, the *atbash* of *Ehyeh* (EHYH) is TZMZ of value 620, *keter*, the crown and highest *sefira* (dimension).

Shin is one of the 3 Mother letters (*Alef*, *Mem*, *Shin*) as per Abraham's *Sefer Yetzirah*, the *Book of Formation*. And while *Alef* is above it all as *Atzilut* as we know for the Arizal, *Mem* is also necessarily present in *Mashiach*, *Moshe*, *HaShem*, and *Shalom*, while the sum of the 3 Mothers (E,M,SH) adds up to **341**, there ordinal value is 35, and thus the important sum of there value and ordinal value is **376**, the same as *Shalom*, peace and *Mashiach Chai*.

As for Israel, the *atbash* of it, (MB,G,TC) numerically breaks to (**42**, 3, **420**) which in small gematria would be **42342**, and if the *kolel* is added to (MB,GTC) we get **42**, **424** or the **42**-letter Name of G-d, known as the *MemBet* and **424**, the value of *Mashiach Ben David*, who we know from *Chazal* that the *Shem Mem-bet*, the **42**-letter Name is supposed to help bring. Moreover, since the two **42**'s in the *atbash* of Israel seem to pivot on the central letter *resh* in the name, if we use the *Abgad* gematria values of adding 1 to each ordinal letter place, and leave the central *resh* (R) alone, Israel (YShREL) beomes CTR, BM or or *Keter Mem-Bet*. The *albam gematria* of the *El* in Israel is also *Mem-Bet*, while the minus 1 gematria of *El* is (TC) **420** and when we pair the TC with the unchanged central R, we get CTR, *keter* once again. And *Aikbcab* gematria reveals that the name Israel converts up to KGBYSh and when we add 5 as the *kolel* for the 5 letters we get **420**, once again, or **42 x 10 sefirot** (dimensions). And speaking of the 10 dimensions, the first letter of each adds up to 546, which is the normal value of Israel (**541**) plus the *kolel* (5) for the 5 letters, or 546.

Now, we should note that the name Israel of value **541**, can be broken down into **341** and 200, the value of that central *resh* again and **341** is the value of the 3 Mothers, *Sh*, *Mem*, *Alef*: **341**, but more about them in a separate article we're writing on the ordering and patterning of the letters and the cosmos that resulted in Abraham's revelations in the *Sefer Yetzirah*.

And just one more secret is that the *minus 1 gematria* of Israel is TtRKTC and while the *tet*, *resh* *koof* are all found in the second line of the 42-letter Name (also know as the *Ana B'koach*), the total value of TtRKTC is 729, the same as the total value of that same 2nd line, which is used to combat negativity and is integral to the Shofar blowings, and which is also 9 x 9 x 9, but much more about that has already been written in *The Genesis Prayer*.

Let us use the *Shem Mem-bet* and this knowledge to bring about peace for Israel and the world

and the arrival of *Mashiach*.
