# The 10 Commandments Part IX: The Ultimate Revelation

**Author :** Meiliken

**Date :** 17-03-2011

...Continued from [The Ten Commandments](#)

There was going to be 10 parts to this series, but due to the unfolding crisis in Japan, we felt it best to skip to the most critical and most significant revelations about and from the 10 Commandments, those critical to our understanding of what is happening in our world today. Our last article in the series was the encoded timing for the *Moshiach* (messiah) and of the final redemption, and of those few souls that managed to cross over 3330 years ago during the last opening of the Tree-of-life reality at Mt Sinai.

## The Alter

The word *Mizbayach* (*MtzBCh*), the Alter, whose construction is

described in detail in the 3rd (middle) of the 5 special portions has the numerical value of **62**, as in *Keter*, the highest *sefira* (dimension) of numerical value **620**, just as so many other connections to the **10** Commandments (Utterances), including the **620** letters and the **62** letter *Yuds* of the **10** Commandments that were engraved on the **2** Tablets housed in the Tabernacle (MishKan). And this all fits since there are **100** (an appellation of *Keter*) occurrences of the word *H'Mizbeach* in the Torah, **22** of them through chapter 34 and the carving of the second set of tablets, which terminates the special **5** portion set of **22,000** letters. And contained within the Hebrew word for "The Alter" (*HMzBCh*)

are the initials of the **42-Letter Name** (*Mem-Bet*) so integral to the structure of the Torah, the universe, and so necessary for the *geula*, final redemption.

Within "The Alter" (*HMzBCh*) the (*Mem-Bet*) is accompanied by the letters *Hey*, *Zayin*, and *Chet* whose collective numerical value is **20**, "*esrim*" in Hebrew, of numerical value **620**. Individually, the 3 letters sequentially have the values, **5-7-8**, as in [the year given to us by Rav Ashlag](#) and the *tzaddikim*, **5778 (2018 ce)** for the *geula*, advent of the Tree-of-life reality.

If you examine the number **620**, you'll see that it is the product of **31** and **20**, or  $31 \times 20 = 620$ . As discussed early on in this series 31 is the numerical value of El (G-d) and also *LO* (don't), as in the Commandments not to do things, and while **20** is the numerical value of the letter *Yud* (*YVD*) and the word for **20** has the value **620** itself, the **10** Commandments are all in chapter **20** of Exodus, a very important point as you'll soon see.

Nevertheless, back to the word *Mizbeach* (*MZBCh*), which without the prefix "the" has the numerical value **57**, meaning the remaining letters would then be **Z-CH** or **78**, thus encoded within the Hebrew word for the Alter, where all the sacrifices are performed, is the simple message "**42** and **5778**."

Soon we'll begin a new series on the construction of the Future Holy Temple as detailed by [R' Chaim Luzzatto](#) of blessed memory. For the moment, we'd like to point out that the Alter in the Future Holy Temple measures **32 x 32** cubits and is in the exact center (heart, *lev* of numerical value **32**) of a series of concentric (nested) symmetrical courtyards, the most inner of which measures **100 x 100** cubits. We bring this up only for the reference to the **100** times "the alter" is mentioned in the Torah.

### To Be or Not To Be

The Hebrew word *Eem* (*EM*) of numerical value **41**, as in the **41** letters of the spelled out name of G-d, *Ehyeh* (*EHYH*), can translate to mother, Matriarch, matrix, or "if" or "whether," as it's used repeatedly in the laws (precepts) of G-d given in the 4 chapters subsequent to the **10** Commandments, which together comprise the special 5 chapters of **22,000** letters.

What makes it so germane to our discussion of the 10 Commandments is that the word *EM* is found **62** times in Genesis, just like the Name *Elohim*, which begins and ends with *EM*.

And, not only is the word *EM* found **77** times through the **10** Commandments, as in **5778**; and **86** (the value of *Elohim*) times through chapter **21** (the value of *Ehyeh*); but it's found another **21** times throughout the 5 portions for a total **107** times through chapter **34**, the chapter in which the 2nd set of tablets was received. And **107** is indicative of the sum of all the positive integers through **107**, whose collective energy and sum equates to **5778**.

---

Now, the final point to be made today out of all this is that the year **6000**, is when most people expect the arrival of *Moshiach*. But the *tzaddikim* of blessed memory have arrived at **5778** as the approximate date, and we've shown a preponderance of evidence physical, spiritual, comic, and primordial that the prescribed year does indeed appear to be **5778 (2018 ce)**. So why the discrepancy?

The differential of **6000 - 5778 = 222** years represents the **2** divergent paths forged in the **22,000** letters by the doubts of the Israelites.

Thus when we divide **222** by **358** (*Mashiach*) and we get **222/358 = .620**, *keter*, and are sent back to the 10 Commandments.

As we get closer to **5778 (2018 ce)** it's important to realize that when we question it should not be of our faith, but only of our understanding. The reason to question, should be to dig deeper, not to create separation, as our ancestors did the last time *they* stood at *keter*.

If you follow the path of the **222** you'll see that **222 x 26**

**(YHVH) = 5772**, the year **2012 CE**, and if you believe in the Mayan calendar prophecies of 12/21/12, you'll find yourself deep in the trail of doubts, for when those **6** final years before **5778** mimic the Israelites failure to wait **6** hours for Moses' return with G-d's Tablets, and the Tree-of-life eternal reality.

We stood there before; we know the routine. This time, let's get it right.

Of course, just to make sure we had everything we need to get it right this time, the Torah provided us with a road map, and shoved it under our noses every year for the past 3330 years. And no, it's not the 10 plagues; It's the 10 Commandments. They are being played out as right now.

It began in **2001**, corresponding to **Exodus 20:01** that initiates

the Torah's **70th** Chapter, the *Keter* sequence of the 10 Commandments. It began with a jolt, a new reality realized on 9/11.

On **June 8th, 2002** the prophesied **1370** reign of Ishmael (Islam, 10 years for each of the **137**

---

years of his life) over the Israelites ended. This coincided with the beginning of the **620** letters of the 10 Commandments in **Exodus 20:02** "I am God your Lord, who brought you out of Egypt, from the place of slavery." Like Pharaoh before them, they were not giving up without a fight, which brought us the attack in **Mombasa on Nov 28th, 2002**.

**Exodus 20:03** "Do not have any gods before me" An earthquake on **Dec 26th, 2003** killed 40,000+ people in **BaM**, Iran, one of the many events [Mem-Bet events](#) over this **18** year period.

**Exodus 20:04** "Do not represent [such gods] by any carved

statue or picture of anything in the heaven above, on the earth below, or **in the water** below the land." Exactly, one year after the earthquake in **BaM**, on **Dec 26th, 2004** 230,000 people died from the tsunami (*mabul*) resulting from the 9.3 Earthquake off the coast of **Meulaboh**, Indonesia.

In **2008** we were stuck financially, leading to the world markets losing **42%** of their value and wide scale loss of jobs (livelihood), while in **Exodus 20:08** we were told, "Remember the Sabbath and keep it holy." And lets not forget it was Erev Rosh Hashannah that September when the NY stock market closed down **5%** or **778** pts. While **Exodus 20:08** was the **4th** Commandment, **2008** also brought us the attack on/in **Mumbai** on Nov **26th**, **Bernie M** adoff, and of course, our **44th** President, President Barack **Obama**.

In continuation, Exodus 20:09 and 20:10 insisted no one do anything that constitutes work on the Sabbath, which brings us to today, 2011.

As for this year **2011**, Exodus **20:11** tells us that in the six(**6**) days, God made **the heaven, the earth, the sea, and all that is in them**, but he rested on Saturday. God blessed the Sabbath and made it holy. So this year, what we'll see is events from space, the earth, the sea and all that is in them. It's no wonder the birds fell from the sky and the fish died on 1/1/2011. Each one of these fish kill images represents millions of fish and they all occurred in different parts of the world this year, from Louisiana to Scotland to Thailand to Redondo beach California, and we could have posted similar images from several more diverse locations. Whatever it is, it's global. We wrote this section back in January when we began our series on the 10 Commandments; unfortunately, the events have continued with

---

millions and millions of fish washing up ashore last week in California and then the devastating 9.0 earthquake and ensuing tsunami that hit Japan and thus created the terrifying chain of nuclear events that are happening to the **6** reactors there.

In **Exodus 20:12** it's honor your father and mother, then murder, adultery, stealing and false witness in **20:13**.

In **20:14**, don't be envious of your neighbor

Then in **20:15** "All the people saw the sounds, the flames, the blast of the ram's horn, and the smoking mountain."

Hold on to your hats, folks.

In **Exodus 20:16** "If God speaks with us anymore, we will die."

Then in **Exodus 20:17** Moses says, "God only came to you to raise you up."

And in **Exodus 20:18**. It ended. "The people kept their distance while Moses entered the mist where the divine was revealed."

This is the road map for the next 7 years. The ministers of the **70**

nations are falling rapidly, especially in the Mid-East, as prophesied in the [Zohar](#), including Mubarak of Egypt, who fittingly was forced from his throne on the death anniversary of Moshe Rabbeinu (Moses).

Chapter **20** of Exodus is the **70th** chapter of the Torah. The pinnacle of the Chapter ends at **Exodus 20:18**: "The people kept their distance while Moses entered the mist where the divine was revealed." This time it coincides with the **70th** anniversary of Israel becoming a nation in **5778 (2018 ce)**.

It's obvious in all this that there was always two choices, two paths.

It's all about G-d giving us 10 simple rules (commandments) in order to reach the Tree-of-life, and we couldn't follow them.

Purim is almost upon us, when we take off

our masks--by concealing our identity and getting inebriated we're actually giving ourselves permission to reveal who we truly are--and reveal the truth.

It's time to take off the masks from the Bible, and see the simple Torah truth. Either we follow G-d's 10 simple rules, spiritually and physically, or we follow the prescribed consequences. 2 paths, 2 futures, 1 time table.

G-d willing, B'H, we will choose correctly.
