
The Antidote

The Hebrew word for swine, as in swine flu, is *chazir*, which can also mean "it will return," and if we permute the letters we get *Raz Chai* or the "secret lives."

A little while back, we were pointing out that many of the depressing milestones of Dow Jones in the latest crises fell on or the day after major Jewish holidays, and even advised to watch out for what would happen on Purim and *Pesach* (Passover). Well nothing remarkable happened concerning the markets on those dates, but Purim fell in 3/09/09, or as written in Mexico and the rest of the world, **9/03/09**, the day little 5 year old Edgar became the first actual case of the Mexican (swine) flu.

903, as most of you know, is the small gematria value of the **42**-Letter Name of G-d, where the antidote is hidden in plain sight.

On this past *Pesach*, we recounted the **10** plagues and we told to remember the entire story of the exodus after the **210** years in exile in Egypt. We also know from the *tzaddikim* that the **10** plagues are destined to repeat in the end of days before *Moshiach* (the Messiah) in order to wake us up as they did our forefathers 66.6 jubilee years ago.

Genesis 2:10 "And a river came forth from Eden to water the garden..."

This is the river that sustains life spiritually and physically. This is from where our blessings flow, and as you can imagine a lot of secrets are hidden here. As the Arizal explains, nearly verbatim, the same letters that spell both 'delight' (*oneg*, **ANG**) also spell 'plague' (*nega*, **NGA**) are the initials of the 3 words for 'Eden (**ADN**)', 'river (*Nahar*, **NHR**)', and 'garden (*Gan*, **GN**).'

He further explains that when delight (*oneg*, **ANG**) is of the selfish variety it gets spiritually converted to plagues (*nega*, **NGA**). What we need to do is reverse the process. This extends to all areas, but he was specifically talking about cleanliness (physical, mental, and spiritual) in the course of sexual relations, and because of this, and because the source was water, a *mikve* of sorts must thus be engaged in the reversal process.

And if you recall from The Genesis Prayer, and also from some of our articles, just such a spiritual *mikve* (ritual cleansing bath) is found in the very center of the **42**-Letter Name (*Ana*

B'koach), at the **Resh-Zadi** ^{??} ~~ination~~, where the supernal waters of the Well of Miriam flow. We know of many

ruach hachodesh who have used it for *mikve* to ~~complete~~ ^{complete} ~~right~~ ^{right} ~~uses~~ ^{uses} ~~add~~ ^{add} ~~the~~ ^{the} ~~spiritual~~ ^{spiritual} ~~(ritual)~~ ^(ritual) (divine inspiration), but today we're concerned with protecting ourselves from the enveloping

is only the) gateway/*mikve* **Resh-Zadi** ^{??} ~~and~~ epidemic that's quickly blanketing the world, and this preparation for the actual tool.

To the true kabbalists the letters are tools to be permuted in the right combinations to unlock myriad gates of wonder. This one found in the heart of the **42**-Letter Name is to help us convert plagues into delight by neutralizing them on a spiritual level. And at the heart of the matter, and

jealous eye, also know as evil eye since our jealousy for one another causes evil to befall us and them, and prevents us from loving our neighbor as ourselves which is the key to reaching the tree-of-life reality, the reality beyond limitations that exists once we can perceive the **10 sefirot** (dimensions).

And we find just this combination of letters sequentially beginning with the **Resh-Zadi** (**??**) *mikve* combination.

And oddly enough, the Name of G-d even provides us with clues so we don't miss it. The word *Bat* (**??**) is concealed twice within the middle of the **42**-Letter Name and the word *Bat* (**??**) Hebrew means to look, see, regard, or to consider.

?? And when we "look" what we see immediately following them the letters in *zarat* (*yud* with the subsequent letter **??????** , and then right beneath them we have **????** *ayin*, thus joining the *zarat* *ayin* initials by **??**). *bats* (**??** the two

we have

Gan (garden, *zarat Ayin* , which very simply permutes into *Gimmel* (with the **????**)? of
Nega) and of **??** (**????**) right in the middle. **????**

Therefore, the antidote to help us fight the plague and convert it to delight is to remove jealousy from our hearts, and the tool to help us with that is

And as in the first of the modern plagues, where compassion would have been the antidote to the housing and thus financial crisis, love is the answer here to, as the final letters in the sequence are *gimmel-yud* (??), whose numerical value is 13 as in the Hebrew word for Love (*ahava*), which is also found in the middle of the 1st line of the 42-Letter Name, the line whose full value is 506, that of "unconditional love," the real answer.

And not coincidentally *gimmel* (those) convert to ?? (??) when one is added to the cipher. So let's wake up, use the tools and find it in our hearts to actually love one another and begin to live the tree-of-life reality before it's too late.
