
When One and One Really Equals Two.

G-d is one. His Name is one. So what happens when we add two of the most powerful

Names of G-d. The Ones that join *Zeir Anpin* with *Binah* and alternatively, the left (judgement) and right (mercy) sides of the junction of that crucial union.

Binah, whose energy is traced through the left side of the Tree-of-Life is connected to the

איהיה

energy of G-d Name, *Ehyeh* (EHYH), while *Zeir Anpin's* energy is traced through the right side of the Tree-of-Life and is connected to the energy of the ineffable Name of G-d (YHVH), the Tetragrammaton.

When we spell out a Name we're increasing its strength. It's called filling out and we're getting a fuller presentation of the energy represented within. In the case of the **YHVH**, there are 4 different ways of spelling it, all associated with a different level or *sefirot*: *Av* with *Chochma*; *Sag* with *Binah*; *Mah* with *Zeir Anpin*; and *Ban* with *Malchut*. It's through these 4 Names that much of the understanding of Kabbalah has been revealed and most of the energy that enters our universe is transmitted.

Av: YVD HY VYV HY = 72

Sag: YVD HY VEV HY = 63

Mah: YVD HE VEV HE = 45

Ban: YVD HH VV HH = 52

All 4 levels have a total gematria value of **232**

The are 4 corresponding levels of *Ehyeh*.

chochma: ELP HY YVD HY = 161

Binah: ELP HY YVD HY = 161

Zeir Anpin: ELP HE YVD HE = 143

Malchut: ELP HH YVD HH = 151

All 4 of these levels have a total gematria value of **616**, which is the same as the numerical value of *H'Torah* (the Torah.), our greatest channel.

We know from the [Divine Calendar](#) that **8** is a key Biblical number and that nearly all the significant events in Biblical history occurred in years ending in **8** so it's especially interesting that when we sum up all **8** filled-out Names of G-d, we get **232 + 616 = 848** or **2 x 424**, with **424** being the numerical value of *Moshiach Ben David* (the Messiah).

$$232 + 616 = 848 = 2 \times 424$$

In this case One and One really does equal Two.

Moreover, **616/8 = 77**, the numerical value of *mazal* (divine fortune or sustenance). And **848/8** equals 106 plus 1 for the *kolel* gives us **107**, as in the sum of all the integers from **1 - 107 = 5778**, the [year prophesied by Rav Ashlag](#) and the *tzaddikim* for *Moshiach* and the *geula* (final redemption).

This is just the simple math. What's important is the energy and process beneath it, the unification of the two powerful Names to help bring us *Moshiach*. To understand Kabbalah, you must look deeper. The equations above haven't changed in thousands of years; what's changed is the timing: **5778 (2018 CE)** is less than 5 years away.
